

Guidelines to Poster Presentation

Boards will be available for authors to display their posters. Poster size should be no larger than 0.90m x 1.20m;

Posters can be subdivided into the following sections: Introduction, Material and Methods, Results and Discussion, Reference, and Acknowledgements;

While the overall poster presentation is up to the author's decision, we request that the Presenting Author's name be underlined;

Please make sure that figures, tables and font are large enough for your poster to be easily readable from a distance of 2m.

The preferred method of setting up the posters will be using hooks that will be provided by the organizers. Please make sure that your poster is compatible with this system;

Posters will be displayed throughout the whole conference. Posters can be set up at the time of registration on Sunday May 1st and on Monday May 2nd (see Conference Schedule).

Authors of posters with **Even Numbers** should be available for discussion at their poster on **Tuesday May 3rd Poster Viewing Session**, while those with **Odd Numbers** are requested to be at their poster on **Wednesday May 4th Poster Viewing Session**.
